Method:

1. Follow on from Block 3 placing the next six patterns in the correct position on the chart. For ease of working there are SIX blocks of six designs. To help line the blocks up a tacking line in RED surrounds the six blocks. This is optional but will help to align the blocks correctly.

2. The outline for each sweet is worked in backstitch Black 310 or white as appropriate to the colour scheme.

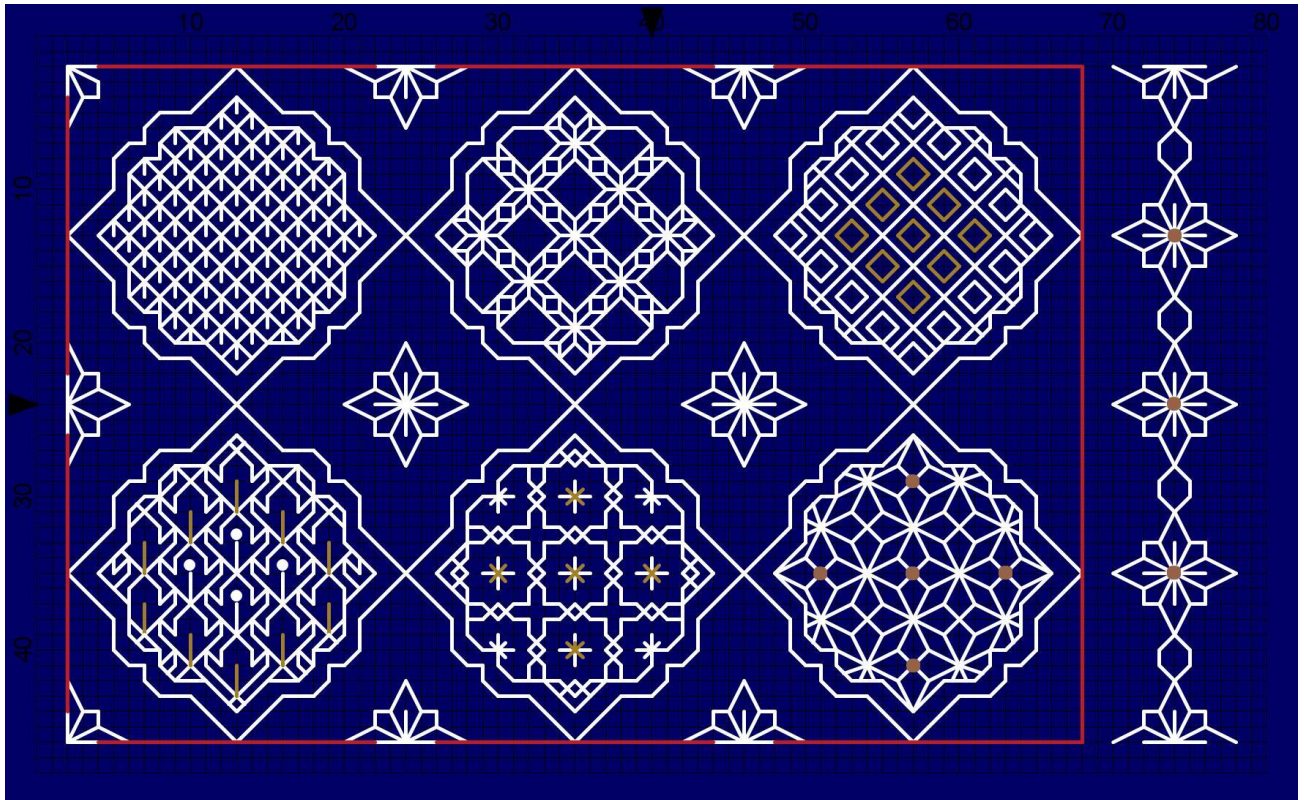

The filler or 'diaper' patterns are added once the outline has been completed using the colour scheme chosen (see charts and jpgs.)
