Tiny Treasures Rectangle Design Part 1 – Colour and Black and Gold

Rectangular design suitable for framing or a runner. This design is less complicated than the square...

Design area: 9.86 x 26.43 inches
Stitches: 138 x 370
Material:
Zweigart 28 count evenweave or 14 count Aida, 15 x 33 inches
If 25 count Lugana is used: 17 x 35 inches
70 Flower motifs
52 Pattern blocks
1 border and 120 mini links
Total: 243 Tiny Treasures

Read FR0159 Introduction carefully to place the design accurately on the fabric.

Preparation:
Decide which project square or rectangular you are considering working.
Decide on the fabric to be used. The designs are suitable for both evenweave and Aida. Print off Part 1.
Threads: Information about the threads required in on the Keys attached to the back of Part 1 and also in FR0159 Introduction.

Stitches used:
Back stitch, one strand of floss
Cross stitch two strands of floss

Evenweave: stitches are worked over 2 threads unless the pattern indicates otherwise.
Cross stitch: stitches are worked over one block unless the pattern indicates otherwise.

Preparing the fabric:
1. Oversew the raw edges or turn a small hem to prevent the fabric fraying.
2. Fold the fabric into quarters and find the centre. Finger press and then tack from the centre vertically and horizontally from the centre point following the instructions for the chosen shape. Use a pale thread to avoid leaving a residue in the fabric.

3. Placing the design on the fabric:
Rectangular design: count 69 stitches left, right 69 stitched from the centre, upwards 185 stitches from the centre, down 185 stitches from the centre Total: 370 stitches
Tack the outline carefully to place the pattern in the correct position of the fabric and to leave material round the edges for working, mounting and framing.
The design will be worked from the TOP downwards. A section of the pattern will be provided each month.

Work Rectangular Design as follows:
Work flower motifs 1, 2, 6, 7, 11, 12
Pattern blocks 1, 2, 5, 6, 9, 10
Start the border using one strand of floss counting carefully
Add beads after the whole embroidery has been completed.

Working with a large piece of fabric:
If the fabric is not mounted in a frame use a small embroidery ring and remove the ring after each session. If the fabric is not mounted in a frame cover a cardboard kitchen roll with acid free tissue paper or material and roll the embroidery round the card after each session to reduce creasing.

I hope you enjoy reading the information and working the design.
