Tiny Treasures Square design Part 2

Design area: 15.29 x 15.29 inches
Stitches: 214 x 214

Material:
Zweigart 28 count evenweave or 14 count Aida, 22 x 22 inches
If 25 count Lugana is used: 24 x 24 inches

Read FR0159 Introduction carefully to place the design on the fabric.
Print off Part 2. Join Page 1 and 2 together.

Preparation:
Decide which project square or rectangular you are considering working.
Decide on the fabric to be used. The designs are suitable for both evenweave and Aida.

Stitches used:
Back stitch, one strand of floss
Cross stitch two strands of floss

Evenweave: stitches are worked over 2 threads unless the pattern indicates otherwise.
Cross stitch: stitches are worked over one block unless the pattern indicates otherwise.

Preparing the fabric:
1. Oversew the raw edges or turn a small hem to prevent the fabric fraying.
2. Fold the fabric into quarters and find the centre. Finger press and then tack from the centre vertically and horizontally from the centre point following the instructions for the chosen shape. Use a pale thread to avoid leaving a residue in the fabric.
3. Placing the design on the fabric:
   Tack the shape outline carefully to place the pattern in the correct position of the fabric and to leave sufficient material round the edges for working, mounting and framing.
   Square design: count left 107 stitches from the centre, right 107 stitches from the centre, upwards 107 stitches from the centre, down 107 stitches from the centre. Total 214 stitches

   The design will be worked from the TOP left hand corner. A section of the pattern will be provided each month. Do not work the border until the motifs have been completed.

   Square design: count left 107 stitches from the centre, right 107 stitches from the centre, upwards 107 stitches from the centre, down 107 stitches from the centre. Total 214 stitches

Work Square Design Page 2 as follows:
Complete the flower motifs from Page 1 before completing the next ones
Complete the patterns blocks from Page 1 before completing the blocks on Page 2.
Start the border using one strand of floss counting carefully.
Parts 1 and 2 embroidery

Pattern Block 4 contains French knots. Colonial knots can be used as an alternative.

Method:

Colonial Knots are worked in three stages:
1. Bring the needle up through the fabric as you would a French knot.
2. Push the thread away from you towards the RIGHT. Wrap the thread round the needle in a figure of eight. Use your thumb to control the thread.
3. Keep the needle as upright as possible and push the needle downwards into almost the same spot the needle emerged.
4. Pull the thread gently to have a perfect colonial knot every time!

I hope you enjoy reading the information and working the design.

Stitch this mini Christmas Sampler on 28 count evenweave or 14 count Aida as a gift for someone special. As an alternative work four blackwork filler patterns in place of the letters.

Material:
Zweigart 28 count evenweave or 14 count Aida 8 x 8 inches
To make a mini cushion cut two pieces of material 10 x 10 inches

Threads:
DMC stranded floss:
DMC 669 Christmas green, one skein
DMC 304 Christmas red, one skein
DMC Light Effects E3852 Dark gold, one skein
Tapestry needle No 24
Small embroidery ring

Stitches used:
Back stitch, one strand
Cross stitch, two strands
Eyelet stitch, one strand

Method:
Edge the fabric to prevent fraying. Fold the fabric into four quarters to find the centre point. Mount the embroidery in the ring so that the fabric is 'drum' tight.
1. Work the central motif first.
2. Work the letters or fillers in turn using the colours selected. Work the holly border in two strands of floss.
3. Place the finished embroidery face down on a soft towel and press lightly.

Small cushion - work the two pieces. Place the two pieces back to back with the embroidery inside. Machine stitch around the edge leaving a small opening to insert small cushion pad. Slip stitch closed. Add cord edging (optional)

I hope you enjoy working this design as much as I have enjoyed creating it.
