Double Leviathan over two threads (worked with ONE strand, see stitch diagram.)

Method:

Start from the centre of the lettering moving outwards to each side. Where possible work the cross stitch first and outline with 310.

Use

TWO strands of cotton for the cross stitch and ONE strand for the back stitch unless otherwise stated. Work the Leviathan stitch after working the cross stitch.

Frame the design in a small circular plastic embroidery hoop or a square wooden

frame. I hope you enjoy working this design as much as I have enjoyed creating it.
